

CONSIDER YOUR CONTACTS

YOU KNOW A LOT MORE PEOPLE THAN YOU THINK!

Ever get stumped about who you could invite to Kindred? Sometimes it feels like we just don't know *anybody*. But the truth is each of us knows tons of people! Think about how many contacts are in your phone. Think about how many 'friends' you have on social media. Could there be people you know who might need a church family like Kindred right now?

WHAT TO DO

Take a few minutes to scroll and see! Pull up your contacts and/or your list of social media followers. Look through the list and think prayerfully about: Who's in the area? Who might be open to an invitation? Who might be interested to hear about your experience with Kindred?

NEXT STEPS

Then shoot them a text, send them a message, or just invite them to 'like' the Kindred page. See the template below for the kind of message you could send:

WHAT TO SAY

"Hey (name of person you are inviting) it's (your name) from (how you know them). Hope you are doing well! (Add a personal note, like 'It can be so hard with little ones!' or 'I hope your new job is going well!') I wanted to invite you to check out my church, if you're up for it. (Tell them why you think Kindred might be a good fit for them specifically, if you can. Show them that you want something **for** them, not **from** them.) Here's our website: www.kindrednc.church. I'm happy to help you get connected if it seems like a good fit. If not, no worries. Hope all is well!"
